1. LAND PLOTS

Enumerator: We would like to know about household farmland and use during the 2024 agricultural season.

A101	Does your household or any household member own any plot of land that can be used for cultivation, including household gardens? These land plots can be cultivated by your household or rented out to others.	Yes	1	If the response is No to both questions → go to Section 7
		No	2	
A102	Does your household cultivate any plot of land that is not owned , but possibly rented or borrowed from others?	Yes	1	
		No	2	
A103	How many plots or parcels of land does your household operate in, both owned and non-owned land, including household gardens?			_____ plots
A104	Please indicate the organizational type of your household	1. Sole owner of a peasant farm 2. Co-owner of a peasant farm with other households 3. Member of a collective farm (agricultural enterprise or cooperative) 4. None of the above: Household farms only the household plot		

2. FIELDS

Enumerator: The previous section shows that the household has owned and / or cultivated [____] fields. Ask the respondent to give you the details about all of those fields.

Reference Period: 2024 agricultural season

Field ID	Field name	What is the main land-use of this field? 1= cultivated field 2=kitchen garden 3=fallow 4=orchard 5=hayfield 6=pasture 7=other type 8=don't know	What is the primary purpose of using this field? 1=producing crops for own consumption 2=producing crops for selling 3=growing livestock feed 4=pasture for livestock 5=other use 6=don't know	Who is the main user of this field? 1= used by owning household 2= sharecropping with other HHs 3=rented out (ask till A212 then go to → A701) 4=rented in 5=not used 6=other use	What is the area of this field (excluding the area of the house)?		How far is the field from the dwelling? in kilometers	Are you or is any member of the household the legal owner of this field? 1= Yes 2=No → go to A211	Which type of document is it? 1= private ownership (red book) 2= decision of the local administration 3= other document	Please provide the ID of the household member who is listed as the legal owner of this field on the document Individual ID	If you were to sell this field today, how much would it cost? Please indicate in Soms 99. Don't know 98. Not applicable	How did this household acquire this field? 1=bought 2=bartered 3=inherited 4=received from land distribution 5= rented in / borrowed in 6= sharecropping with other HHs 7=other 8=don't know	How many years has your HH used this field?

3. LAND USE

Reference period: 2024 Agricultural season

Field ID	What <u>main</u> crop did the household put in the field in the 2024 season? (see codes below)	Was the field monocropped or crop mixture? 1 = Mono-crop → A304 2 = Mixture	Ask if crop mixture on the field How many crops were in this field apart from the main crop?	What types of tillage methods were used in this field? <i>List up to TWO, starting with the most important method first, then the second most important</i> (see codes below) 98. Not applicable		How many times was the field sprayed with <u>herbicide</u> ? (Complete sprays) (Enter "0" if field not sprayed and skip to A308) <u>Enumerator</u> : specify that herbicides are used for weeding, insecticides (A308) to kill insects	Ask if A306>0 How much did it cost to spray with herbicides? (Soms) 99-don't know	How many times was the field sprayed with <u>insecticide</u> ? (Complete sprays) (Enter "0" if field not sprayed and skip to A310)	Ask if A308>0 How much did it cost to spray with insecticides? (Soms) 99-don't know	Did the household hire labor for this field? 1=Yes 2=No → A313	How much did you pay for hired labor to work in this field (Soms) 99-don't know

5. CROP MANAGEMENT – PLANTING AND HARVEST

Enumerator: Transfer field numbers from Module 2. Ask the following questions for all fields planted in the 2024 agricultural season.

Reference Period: 2024 Agricultural Season

Field ID	Crop Code	What was the area under each crop in this field?		What % of the area planted was harvested in this field?	Ask if A503 is less than 100% What is the main reason for not harvesting the whole area planted?	What was the source of seeds?	Ask if A505=2 or 3 Please specify the type of seed supplier	How much did you spend for seeds / tubers / vines for this crop in this season on this field?	What quantity of seed, tubers, or vines did the household plant of this crop on this field?		How much of this crop did the household harvest/collect during this season from this field?		How much did the household spend on machinery for this crop during this season on this plot?
